MORE THAN A CRICKET MATCH

The Big Buzz 26 brings together business leaders, sporting legends, local families and community organisations for a unique day of networking, hospitality and fundraising.

Together, we can ensure that more children and young people aged 4-24 receive the support, understanding and early intervention they need to thrive.

OUR IMPACT

WHY BEE-LIEVE?

Following the loss of Molly Price in 2023, Bee-lieve Foundation expanded its commitment to supporting young people through the Make a Difference for Molly Project.

Our mission is simple: to ensure more young people have access to the skills, support and understanding they need to manage their emotional wellbeing and mental health.
